MEDICAL.

FRENCH MEDICAL OFFICE.

DR. JULIEN FERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

DR. FERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, upstairs entrance either Montgomery or Sacramento streets.

DR. FERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason as it may dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterwards; patients, laboring under this complaint, will complain of one or more of the following symptoms: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urethra on going to stool or making water, the Intellectual Faculties are weakened, Loss of Memory, etc. Ideas are clouded and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are weakened and disordered by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptoms are pimples in the face and itching in different parts of the body. Patients suffering from this disease, should apply immediately to **DR. FERRAULT**, either in person or by letter, as he will guarantee a cure of Seminal Emissions and impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhea, Gleet, Stricture, Bubo Ulcers, Chancres, Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. FERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation, claim not to know everything, nor to cure everything, but we do claim that in all cases taken under treatment, we fulfill our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.
Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

DR. FERRAULT is the only agent in California for **DR. BIOR'S** Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for the same complaint, and for the cure of all obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage. A distance can be cared at home, by addressing a letter to **DR. FERRAULT**, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 972, P. O. San Francisco, stating the case as minutely as possible, the general habits of living, occupation, etc., etc.

All communications confidential.

FLORENCE

SEWING MACHINE.

Copy of the Report of the Committee of Awards at the Fair of the
AMERICAN INSTITUTE
NEW YORK, 1865.

FLORENCE is the Best Family Sewing Machine, and has won the Premium Gold MEDAL!

REASONS:

- 1st.—Its simplicity and great range of motion.
- 2d.—The Reversible Feed Motion.
- 3d.—The perfect finish and substantial manner in which the Machine is made.
- 4th.—The rapidity of its working and the quality of the work done.
- 5th.—The self-adjusting Tension.

The Florence was awarded the first and highest premium at the State Fair of California, the only Fair on the Pacific coast at which any two double thread Sewing Machines were exhibited in competition in 1865.

The Florence received the only premium awarded, by the Mechanics' Institute of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co. or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficient, and its use is easily learned. Every Machine sold is guaranteed in the full sense of the word.

SEMI-WEEKLY ENQUIRER.

ROBBERS ABOUT SAN JOSE.—The following, which we clip from the *Mercury*, of the 8th inst. indicates that San Jose is no mean rival of our little neighbor Alta:

Mr. J. J. Wing, an old resident and esteemed citizen, who resides about four miles from San Jose, was knocked down and robbed of some dollars last Sunday day evening near the Coyote bridge. He had sold some grain in town, drawn the above sum from the bank, and was on his way home at about eight o'clock in the evening, when he was accosted by a man, knowing to the fact, and was on his track, approached him from behind, dealt him a blow on the back of the neck, and then "went through" him. The robber succeeded in making off with his booty and has not since been heard from.

A stranger in town, whose name we learn was **Watson**, was knocked down near the railroad depot, on Monday night last, by a foot pad, and his pockets rifled of a small sum of loose change. On the night before, as a gentleman was riding on horseback from San Jose to Santa Clara, through the alameda, some person attempted to *lasso* him, probably for the purpose of robbery, but missed the mark. The county seems to be flooded with robbers and thieves of every description. It is no longer safe to carry money, or to travel alone in the night time.

PRESIDENT ROBERTS ON JOHNSON.—In a speech to the Fenian Brotherhood, at Troy, lately, President Roberts said:

If **Johnson** came before Irishmen for their votes, they ought to be strangled if they gave them. He had promised to be the Moses of the negro, but he had turned out to be a Pharaoh to crush them. He would like to be their Moses, but Irishmen were afraid of his turning Pharaoh again. The one thing Johnson did at the request of the Fenians was to release John Mitchell from Fortress Monroe; but the Fenians have since discovered that it was on account of his sympathy for rebels, and not for them. It is evident that a large proportion of the Irish vote is lost to the Democratic party as long as **Andrew Johnson** is dictator of that organization.

THE FOLLOWING is a digest of the President's stump speeches:

They say I'm a demagogue, but I ain't.
They say I'm a traitor—I ain't.
They say I'm a usurper—I ain't.
They say I'm a tyrant—I ain't.
They say I'm undignified—I ain't.
They say I'm always harping on my policy—I ain't.

They say I'm an egotist—I ain't.

They say I'm obstinate—I ain't.

They say I make partisan speeches—I don't.

They say I use the pronoun I over much—I don't.

They say I must be gotten out of the way—I musn't.

They say I ought to have my head chopped off—I oughtn't.

I run this Government.

I have been in office ever since I can remember.

I have been Alderman, Constable, Supervisor, Tax Gatherer, Congressman, and by the help of Booth, President.

I am the only friend the negro has left.

I put down the rebellion.

I am the last hope of the Republic.

I am the underpinning of the Constitution.

I am myself altogether, and no other man, and I leave the Constitution in your hands gentlemen.

ERRORS.—The little that I have seen of the world, and know of the history of mankind, teaches me to look upon their errors in sorrow, and not in anger. When I take the history of one poor heart that sinned and suffered, and represent to myself the struggles and temptations it passed through, the brief pulsation of joy; the feverish inquietude of hope and fear; the tears of regret; the feebleness of purpose; the desertion of friends; the scorn of the world; that has little charity, the desolation of the soul's sanctuary, and threatened riots within; health gone; I would fain leave the erring soul of my fellow man with Him from whose hands it came.

SNOW, at Onion Valley, says the *Plumas Union*, was about a foot deep on Wednesday of last week. On the Frenchman's Hill, on the Oroville road, there was about 14 inches, and something like 6 inches on the hill between American and Indian Valleys.

OAKLAND COTTON GOODS FOR MEXICO.

W. G. Badger has just filed an order for seventeen thousand yards of cotton sheeting for Mexico, with fabrics manufactured at the cotton works in Oakland.

SINCE the West has become much more radical than the East, nothing is said about leaving New England out in the cold, says the *Boston Transcript*.

FEDERAL TAXES IN SAN FRANCISCO.

July, \$305,841.22; August, 446,980.34; September, 547,922.93; October, 511,388.04; Total, \$2,399,815.68.

One of the valuable discoveries made in California is a lake yielding borax. *Tuscan* is the only rival in this important trade.

SATURDAY MORNING, NOV. 17th.

CHURCH SERVICE.—Rev. J. H. Giles will hold Baptist service at the Union Church, to-morrow morning and evening, to which all are invited.

Rev. P. T. Cool will officiate at the M. E. Church to-morrow morning at the usual hour. He will also lecture to the young men of Dutch Flat in the evening.

TO ALL WHOM IT MAY CONCERN, GREETING!—In a former issue we disclaimed the possession of the eminent ability requisite to originate and maintain a reformatory system of moral and social ethics. We now and hereby repeat that disclaimer. In the issue referred to we declared our intention of exhorting the author or authors of every gross and willful violation of moral and social proprieties within the scope of our influence. We now and hereby repeat that declaration. In no single instance have we proclaimed or condemned an outrage of the kind, except on personal knowledge or information which we felt justified in considering reliable. We are now about to do so. It should ever occur that any article published in our columns should contain no unwarranted aspersions against any person, no matter how humble or lowly, and no matter how apparently reliable our information. We shall always be ready and most willing to make the most satisfactory retraction when a proper and conclusive showing shall disprove the aspersions. But we notify all men by this notification (for all time) that no well-advised and well-sustained declaration which we have made or hereafter may make in these columns, will be retracted or in any degree modified in consideration of threats or attempts at intimidation. We are by no means disposed to claim any more than a fair share of courage or heroism, but smooth words and strong evidence jar less on our nervous sensibilities than their reverse. We would advise a visit to the mineral springs of Santa Barbara, Soda Spring Valley or the Geysers, or a trial of Dr. Bourne's medicated baths or of some of the valuable nostrums advertised on our fourth page as more recuperative and conducive to sound bodily health than an attempt to brow-beat us. A homeopathic dose of counter-evidence will do us more good in such cases than ever so many allopathic doses of bluster.

ODD FELLOWSHIP IN THE UNITED STATES.—At the Grand Lodge of the Independent Order of Odd Fellows in the United States, which recently met in Baltimore, some very interesting statistics were made public, which show the strength of the Order in this country. Returns were made from all the States except Texas and North Carolina, and they show the total number of Lodges to be 179,175, and of Encampments, 35,746. Pennsylvania has the largest membership, 51,708 in the Lodges, and 5,944 in the Encampments. Ohio is next, with 23,094 members of Lodges, and 4,527 members of Encampments. Maryland has 11,446 members of Lodges, and 1,402 members of Encampments, and Indiana, 11,283 members of Lodges, and 2,234 members of Encampments. The total amount of relief granted during the last year in all the States was about \$600,000, of which Pennsylvania granted \$178,471; Maryland, \$71,308; Ohio, \$60,174; and Indiana, \$41,527.

BOARD OF SUPERVISORS.—The following are the proceedings of the Board which convened at Auburn, Nov. 5th, and adjourned on the 10th inst. We omit the bills allowed:

On motion, it was ordered that the boundary lines of Township No. 8, of Placer county be, and the same are hereby changed, as follows: Commencing at the junction of Humboldt Canyon and the South Fork of the North Fork of the American river; thence said South Fork to its source; thence in a due east course to the line dividing the States of Nevada and California; thence south along said State line to the line dividing the counties of Placer and El Dorado; thence down said county line to the junction of the North and Middle Forks of the Middle Fork of the American river; thence up said North Fork to the mouth of El Dorado Canyon; thence following the line of Township No. 6 to the point at which Townships Nos. 6 and 7 corner, near the Pioneer Quartz Mill on Humboldt Canyon; thence down the center of said canyon to the place of beginning.

On motion, it was ordered that the boundary lines of Township No. 1, of Placer county be, and the same are hereby changed, as follows: Commencing at a point on the line dividing the counties of Placer and Nevada due north from the old Bear Trap; thence running due south to the northern boundary line of Township No. 8; thence following said line in an easterly direction to the State line; thence north along said State line to the line dividing the counties of Placer and Nevada; thence due west along said county line to the place of beginning.

In the matter of the petition of Wm. Sexton, J. C. Frazier, J. Jones and thirteen others, praying for the appointment of D. W. Madden and Charles Olney as Justices of the Peace of Township No. 11, and for the appointment of Amos Rodgers and E. Tracy as Constables of said Township, the Board being fully advised in the premises and being satisfied a vacancy existed in the offices of said Township, it was on motion ordered, that the prayer of said petitioners be granted, and that they hold said office until the first day of January, 1893, upon their filing a bond of two thousand dollars.

On motion, J. E. Hale was employed to assist the District Attorney, E. L. Craig, in the case now pending in the Supreme Court in the matter of the equalizing of the taxes of the Central Pacific Railroad of California by the board of Supervisors of Placer county.

SATURDAY, NOV. 10.—Full Board present. On motion, the return of John Kneeland, Assessor of Revenue District No. 2, of subsequent roll for said district, was approved. Supervisors Dodd and Richmond voting in the affirmative, and Supervisor Scott in the negative.

On motion, the Statistical Report of John Kneeland was approved—same vote as above.

On motion, the Clerk of the Board was instructed to advertise for sealed proposals for the surrender of toll roads, trails and bridges, and for the Board to receive and act on such proposals at their next regular meeting.

DEEN'S SHOW.—Everybody has been disappointed. After the assembling of a large audience to witness the meteoric shower on Wednesday night, and having everything arranged for a "grand display" the thing waited until day-light and, disappointed, petered out, failed, whereupon all who had waited so patiently went home disgusted. If anybody now desires a fight, all they have to do is to say "stars," and he can be accommodated by any man, woman or child in town.

THE Lady Don Theatrical Troupe are at present performing to good houses at Grass Valley. Wonder some of the few deserting trouper who travel do not visit Dutch Flat. Good houses and appreciative audiences await all such. But we have no money to throw away upon "one-horse shows."

PLEASANT.—The impromptu party which took place at the Golden Eagle Hall, on Wednesday evening last, was all that could have been desired for good feeling and consequently—enjoyment. The ladies were beautiful, the gentlemen gallant, and the music divine. What more could be desired?

DISCHARGED.—The jury empaneled in the case of D. O. McCarthy vs. O. M. Claves, for \$20,000 damages in not taking the *Flag* newspaper, and paying \$28,000 were discharged by the Judge, he ruling that the complaint was insufficient.

SNOW AT EXETER.—A letter from Meadow Lake to the Sacramento Union, states that the snow is over a foot deep on a level at that place.

LEO BROOKS.—M. Byrne, of Grass Valley, broke his leg in Nevada City, on Tuesday night last.

We learn that there is a project on foot by some of our business men to make up a joint stock company to prospect for the Blue Lead in this vicinity. Those who have taken the initiative step in this matter appear confident that the project is entirely a feasible one, and that the rich leads which have been worked with so much profit in our neighboring towns of Little York, You Bet and Red Dog, in Nevada county, have a continuation in the claims here. They propose, as a prospecting operation alone, to form a joint stock company of twenty shareholders with a paid-up capital stock of two thousand dollars, or one hundred dollars each, by this means they will be enabled to ascertain beyond a doubt whether the blue cement exists in such quantities as to warrant the expenditure of the best information we are able to get as to the existence of this lead, we are led to believe that at present there is no more profitable investment than the one proposed, either for those most intimately interested, or for the immense benefits which are likely to result to the laboring classes generally. There is no doubt expressed by those who are best posted as to the character of our diggings, but that the enterprise proposed will result beneficially to all parties, and it now only remains for those who possess the means to carry it out to make our burg one of the most important mining sections in cement value as well as hydraulic—as it has hitherto proved itself. There is but a short time now to transpire before the steam-whistle of numerous quartz mills will be heard, and the happy chronicling of thousands of dollars taken out and shipped from our town. Our town, never dependent upon the completion of the railroad for any extra business, but possessing resources that were beyond the reach of that gigantic company, will make that enterprise a valuable adjunct to its growing importance and ultimate greatness. We hope the company will be speedily formed and active operations at once commenced, that we may be able to state the good things in store for our people as soon as possible. As an inducement, if any should be needed, independent of the welfare of this section and the supposed profitability of the investment, we will state that one gentleman has already submitted cement which was taken from his tunnel to the mill process, and received flattering returns. The most of our large claims are in a good condition to be tested for cement, and the only thing needed is the capital to develop resources which will take generations to exhaust. We hardly think it possible, with all the facts so apparent for profitable action, that this opportunity will be allowed to pass unnoticed.

"ARM IN ARM."

It is said that when the news was reported at the White House that the leading representatives of Massachusetts and South Carolina walked arm in arm into the Philadelphia Convention, our sensitive and tender-hearted President was affected, even unto tears. Did he weep at the humiliating disgrace incurred by the Puritan of Massachusetts or at the remarkable condescension exhibited by the cavalier of South Carolina? The Lord knoweth. It is a little significant and instructive that the first public act of Massachusetts, after her affecting fraternization with South Carolina, has been the election of two negroes to her legislature. We predict that South Carolina will be the next State in the Union to imitate the example of Massachusetts. Democrats past the middle age of life have voted this year who will live to see the negro members of the Massachusetts and South Carolina legislatures walk "arm in arm"—thus repeating, on a more respectable theater, and with far more respectable actors, the affecting promenade of Couch and Orr! Johnson wept. Traitors, Copperheads and Conservatives everywhere might as well imitate their friend or master and begin to weep, for the soul of Old John Brown is surely and resistlessly "marching on." The late elections show that the Government is to be reconstructed, not upon Presidential and rebel terms, but upon Congressional and loyal terms. The great loyal party of the country moves forward to the work with the compactness of the Grecian phalanx and the restlessness travel of the Roman legion. The electors of Massachusetts might have done an imprudent thing or shown bad taste in electing negroes to their legislature; but the real question for us to consider is, not whether negroes shall have the liberty of being elected to office, but whether free white American citizens shall have the liberty of electing them. Who shall have the impudence to say that the free white American citizen—a sovereign, as he is—shall not have the liberty of choosing whom he pleases to be his servants, with the sole limitations of adult, age and male citizenship? Nobody, we think, but rebels in action or thought, and those consistent and lovely products of the Green Isle who have grown loathsome shouting for freedom in Ireland and grown loathsome voting for slavery in America. We have not heard that any of the Massachusetts radicals, in consequence of having voted for negroes, have failed in business, or been afflicted with disease or struck dead, like Annals and Sapphire, by an angered God. This much, then, has been gained—An American citizen can vote for a negro, if he wants to and live—continue fat, prosperous and jolly.

EXPECTED SOON.—We are glad to learn that the Hon. E. L. Bradley, who is at present on a visit to the "old folks at home," expects to arrive back in this place in time to eat his New Year's turkey among his best of friends in his adopted home. May the winds be propitious that he and those dear to him may safely arrive.

SUDDEN DEATH.—An Englishman, says the Gold Hill News, by the name of Robert Clarkson, aged about 45 years, fell dead yesterday, on Main street, lower Gold Hill, near the Golden Eagle Hotel. The deceased had been following the business of fitting butchers' saws, for a living, and was generally known among our meat market men. He had been drinking to excess for about a week—and hence his sudden death. Justice Hall held an inquest on the body this afternoon. We presume the jury returned a verdict as follows: "A victim of intemperance."
